mobile racking system

**GUARDWEL
INDUSTRIES PVT. LTD.**

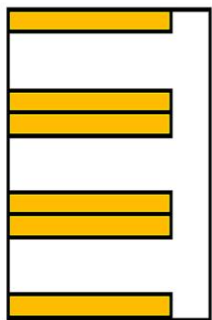

With our modern mobile filing systems there is space between each aisle to facilitate access to each shelf, which is actually gaining the lost space in comparison to the conventional storage system which takes more of our valuable work space. With our mobile storage system, you can recover at least 50% of your floor. add more workspace and increase your productive or increase your storage capacity.

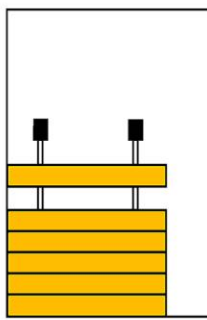

Features

Our multi-usage systems will make it possible to achieve the following key goals through optimal use of your space:

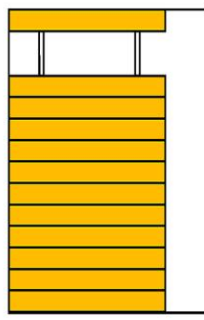

1. Reduced administrative costs;
2. More room for expansion;
3. More efficient management of filing and record-keeping;
4. Consolidated staff, equipment and files;
5. Upgraded control and security;
6. Lowered maintenance expenses.
